

MIDMEKI™

MEKI™ line. Excelling in X-ray food inspection

The options for foreign object inspection in the food industry have long been limited. Until now, there were only simple metal detectors on the one hand and high-price X-ray devices on the other. With our MEKI line, you finally have the choice: the MEKI line is an automated product quality control system using the latest X-ray image processing technology.

MIDMEKI™. Powerful in X-ray inspection, small in investment

With MIDMEKI, we expand our unique product line with a device that combines the benefits of MEKI with a wider conveyor and a remarkably larger detection area. It is especially designed for the inspection of larger food products, trays of smaller products and the inspection of multiple lines.

TECHNICAL SPECIFICATIONS

X-ray inspection of larger/trays of smaller products and multiple lines

Detection area	16" × 8" (400mm x 200mm)
Conveyor speed	min 0.3 ft/s (0.1 m/s) max 3.2 ft/s (1.3 m/s)
Conveyor length	39" (1000m)
X-ray power	Max 80 kV (200 W)
X-ray leakage	less than 1 µSv/h
Detector type	Linear scanner, width 16.1" (410mm)
Pixel size	0.4 mm
Operating system	Windows 7
Software	Mekitec X-ray Inspection System SW
Power supply	110–240 VAC, 50–60 Hz
Operation temperature	32–95° F
Dimensions (d × w × h)	39" × 28" × 80" (1020 mm × 702 mm × 2020 mm)
Weight	440 lbs
Connection to data	Ethernet/USB

Industries

MIDMEKI is perfect for quality control particularly in the following food sectors:

- meat and poultry, e.g. big meat pieces
- dairy, e.g. high pots of yoghurt or sauces, big cheese pieces
- ready meals
- wide frozen pizzas
- bakery
- vegetables and fruits
- confectionery

Applications

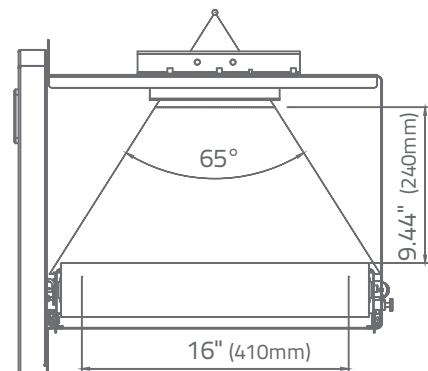

MIDMEKI is especially suitable for the inspection of

- packaged products
- trays with several products
- multiple lines of small products

For applications such as small packaging, please refer to the datasheets MEKI.

Dimension of inspected goods

Height	Width
1.6"(40mm)	13.4" (340mm)
3.1"(80mm)	11.8" (300mm)
4.7"(120mm)	10.2" (260mm)
6.3"(160mm)	8.7" (220mm)
7.9"(200mm)	7" (180mm)
